

LCCC COMMUNITY COUNCIL

WHAT WE DO

The Council advises on strategic planning, policy development, and the management of resources, ensuring decisions reflect Catholic values and the best interests of students and families. Through active engagement, the

Community Council fosters strong relationships, encourages parent and community involvement, and helps create a faith-filled, inclusive, and supportive learning environment for all.

WHO ARE WE

The Community Council brings together parents, staff, and sometimes parish representatives but only shines when parents are actively involved.

Anyone in the LCCC community is invited to join us.

2026 is the schools 25th Anniversary. We are in the process of organising some inclusive and fun events for the milestone.
